Attention: John Mammo

Dear John

What can I say? Thank you for making our Bat Mitzvah party everything I could ask for...and then some. The food was absolutely delicious. The wait staff were first class all the way. The service was exceptional. There is no question that you are very good at what you do! That was obvious as you did not miss a single detail and gave us everything we asked for. You were truly a pleasure to work with. You actually made it very easy.

Thank you, John, for making our party such a huge success! Everyone commented on you facility and your staff and we were so pleased we chose The Venetian for our party. Superb job!!

Respectfully submitted,
